Research Interests

- Machine Learning and its Applications.
- Mechanical Behavior and Microstructural Characterization of Materials.
- Experimental Analysis and Interpretation of Material Properties.

Awards & Honors

- 2015 Awarded under **Best Poster Award, First Place, Research Track** at the **Material Science and Engineering Symposium 2015**, Texas AM University at Qatar.

Education

- 2013–2016 **Ph.D., Materials Science and Engineering**, *Lille University of Science and Technology, France*.
(Mechanical and Microstructural Characterization of a Dissimilar Friction Stirred Welded Aluminum-to-Magnesium Alloy Sheets)
- 2009–2011 **M.S. in Mechanical Engineering**, *Djillali Liabes University, Algeria*.
- 2006–2009 **B.E. in Mechanical Engineering**, *Djillali Liabes University, Algeria*.

Work Experience

University of Ain Temouchent

2020 – **Assistant Professor**.

present **Machine learning techniques and their applications in materials science**; Employing machine learning techniques in various applications such as mechanical properties forecasting, predicting cutting forces in hard turning and forecasting energy consumption in Photovoltaic's, Surface Fault classification in metallic sheets, etc.

Texas A&M University at Qatar

2016 – 2017 **Postdoctoral Fellow**.

- Produced accurate supporting documentation and materials for research activities, including presentations and reports.
- Presented oral and written analysis at meetings and conferences to share research outcomes.
- Carried out archive research to inform ongoing and new work.
- Employed expert knowledge to design and deliver appropriate research approaches, adapting existing methods and utilizing new ones.

Advisor : **Dr. Bilal Mansoor**, *Assistant Professor, Department of Mechanical Engineering, Texas A&M University at Qatar* ([Personal Web-page](#))

2013 – 2015 **Research Associate**.

- Collected large volumes of data with high accuracy.
- Designed presentations summarizing research findings.
- Used databases, physical records and digital resources to complete deep Metallography and Mechanical Testing field of research.
- Took part in production of collaborative research reports and publications.

Advisor : **Dr. Georges Ayoub**, Associate Professor, Director of the Human-Centered Engineering Design program, College of Engineering and Computer Science, University of Michigan-Dearborn ([Personal Web-page](#))

Teaching Experience

University of Ain Temouchent

2020 – **Assistant Professor**, *Ain Temouchent, Algeria*.

- Current
- Successfully taught courses, tutorial classes, and practical sessions to diverse student levels, including Heat Transfer, Instrumentation & Measurements, CAD/CAM, Heat and Mass Transfer, Strength of Materials, Fluid Mechanics, and Numerical Methods.
 - Designed teaching materials and structured modules to prepare for the school year's teaching.
 - Created presentations to enhance the learning experience and elevate comprehension.
 - Conducted evaluations to measure the performance, productivity, and growth of students.

Djillali Liabes University

2018 – 2020 **Assistant Teacher**, *Sidi Bel Abbes, Algeria*.

- Assisted in planning and development of teaching materials, workbooks and class projects.
- Kept records of student attendance, progress and activities to assess individual mastery of subject matter.
- Supported teachers in setting, administering and grading assignments and communicated students' progress to parents.
- Graded homework and tests and computed and recorded results using answer sheets or electronic marking devices.

Conference Involvement & Contributions

- 2024 International Program Committee Member at the **2024 International Conference on Control, Automation and Diagnosis (ICCAD'24)**, May 15-17, 2024, Paris, France.
- 2024 Publicity Co-Chair in the **2024 9th International Conference on Frontiers of Signal Processing (ICFSP 2024)**, Paris, France, September 12-14, 2024.
- 2024 Special Session organizer at **The 2024 International Conference on Control, Automation and Diagnosis (ICCAD'24)**, under the title *Artificial Intelligence-Enhanced Photovoltaic Systems: Advancements and Applications* (Special session 24), May 15-17, 2024, Paris, France.
- 2023 Technical Program Committee (TPC) member in the **2023 8th International Conference on Frontiers of Signal Processing (ICFSP 2023)**, Corfu, Greece, October 23-25, 2023.
- 2022 Technical Program Committee (TPC) member in the **2022 7th International Conference on Frontiers of Signal Processing (ICFSP 2022)**, Paris, France, September 7-9, 2022.
- 2022 Organizing committee (OC) member in the **2022 II. Interdisciplinary Conference on Mechanics, Computers and Electrics (ICMECE 2022)**, Barcelona, Spain, October 06-07, 2022.

Computer skills

Programming Languages	Python, Orange3, Matlab, Latex
Operating systems	Windows, MacOs, Linux

Technical skills

Testing and Characterization Instron/MTS testing at different temperatures, Heat treatment and annealing of metallic materials, Metallography, Optical Microscopy (OM), Scanning Electron Microscopy (SEM) X-ray Diffraction (XRD), Digital Image Correlation (DIC), Energy Dispersive Spectroscopy (EDS), Chemical and electrochemical etching, Chemical reactions in GloveBox.

Languages

- English (Proficient reading, writing, and speaking)
- French (Fluent reading, writing, and speaking)
- Arabic (Native reading, writing, and speaking)

Position of Responsibility

2020-Present **Assistant Head of Mechanical Engineering Department Responsible for Enrollment and Graduation Education**, Faculty of Science and Technology, University of Ain Temouchent.
